

EXCELLENT LIGHT DISTRIBUTION - 62K LUMEN SYSTEM

CLASSIC 1000 WATT TENNIS SHOEBOX DESIGN

EXTRA WIDE OPTICAL THROW

5050 LED CHIP SET

SERVICEABLE DRIVER COMPARTMENT

10KV EXTERNAL SURGE

All of the latest LED technology combined to deliver a high performance tennis court lighter. 5050 LEDs are the standard in high performing LEDs. The chipset allows for a large and efficient optical package that optimizes light control and distribution. The system is offered with standard 10kV surge and a large-body aluminum heat management system. The NightShine Elite will provide superior light play for decades to come.

- *Driver and surge protectors are easily servicable*
- *3G vibration rated*
- *Rugged installation system*
- *Sold and serviced in Alpharetta, GA*
- *Optical levels optimized for USTA recommended light levels for courts with poles from 18 to 25*
